

Fiberglass Tubs

Clarion gel-coated fiberglass units are manufactured using state-of-the-art spray-up method. Each unit receives 16-18 mills of gel-coat, two layers of fiberglass laminate, and extra reinforcing in stress areas. The products meet or exceed the requirements of the American National Standards Institute, National Association of Home Builders, Z 124.1 and Z 124.2 or W/WP541/3A or WWR-541 and FHA/HUD-UM73

Fiberglass Standard Tub

A sloped bathing well makes efficient use of small space with a clean, simple design. Left or right hand drain. 54" x 28" x 17-3/4". (Note: these models do not have predrilled overflow hole.)
